ROADWAY EASEMENT

THIS INDENTURE, Made this 2nd day of July, 19 70, Between

CONSUMERS POWER COMPANY, a Michigan corporation,
212 West Michigan Avenue, Jackson, Michigan 49201,
(successor by merger to Consumers Power Company, a Maine corporation)
as first party,

and AMERICAN CENTRAL CORPORATION, a Michigan corporation,
of 3900 Capital City Boulevard, Lansing, Michigan 48906,
as second party,

WITNESSETH:

That the said first party, for and in consideration of the sum of One and No/100 - - - - - Dollars (\$1.00) to it in hand paid by second party, the receipt whereof is hereby confessed and acknowledged, does by these presents release and QUITCLAIM unto the said second party and to its successors and assigns Forever, the easement and right of way for roadway purposes on, over, along and across that certain piece or parcel of land situate in the Township of Mancelona, County of Antrim and State of Michigan, known and described as follows, to wit:

A strip of land 66 feet in width in the SW 1/4 of the NW 1/4 of Section 10, T29N, R5W, being 33 feet on each side of a center line described as follows: To find the place of beginning of said center line, commence at the Southwest corner of Section 9, T29N, R5W, run thence N 89° 42' 50" E along the South line of said section 2,067.22 feet, thence N 45° 08' 07" E, 4,567.69 feet to the place of beginning of said center line, running thence SE'ly at right angles to said last described course 330 feet to the place of ending of said center line.

This conveyance is made subject to the following express conditions, reservations and exceptions, to wit:

1. It is expressly understood that the above-described land was acquired by first party for public utility purposes and that this roadway easement is made subject to the unobstructed use thereof by first party for any purpose in connection with or growing out of the conduct of its business or the business of any affiliated company as a public utility. First party specifically reserves to itself, its successors and assigns, the right to construct and maintain over, upon, under and across the premises hereby conveyed, electric lines and/or electric control devices or lines as now or hereafter constructed for the purpose of transmitting, conducting and distributing electricity and gas lines for the transportation of gas. First party further reserves the right to trim or remove any trees or other forest products now or hereafter growing upon said premises, which may interfere or threaten to interfere with said electric lines and/or electric control devices or lines and/or gas lines. No trees or shrubs shall at any time be planted or otherwise grown upon the right of way hereby conveyed and no buildings or other structures shall be erected thereon.

2. The second party hereby agrees to protect towers, poles, pole structures, supports, underground electric lines and conduits, pipelines or other structures as now or hereafter located upon said premises or now or hereafter located upon the adjoining premises by the erection and maintenance of barricades or other suitable means of protection as may be deemed to be required by the engineers of first party.

3. It is agreed that no work shall be done in connection with said roadway, either with its original construction or the maintenance thereof, which shall in any way affect or interrupt the continuity of service of Consumers Power Company as now or hereafter provided by said electric lines and/or electric control devices or lines and/or gas line or lines. In case the said first party shall find it necessary to change any towers, poles, pole structures, supports, underground electric lines and conduits, pipelines or other structures of said first party now or hereafter located on said premises or upon the adjoining premises, in order to accommodate any work to be done in connection with said roadway, said first party shall be reimbursed by second party for its actual cost and expense incurred thereby.

4. It is distinctly understood that the electric transmission lines now or hereafter located on the above-described property are operated at high voltage and that no equipment used in connection with construction and maintenance of said roadway shall be permitted to come closer to the lines of first party than fifteen (15) feet, said distance being measured vertically from the surface of the ground to the nearest energized conductor, and that at least fifteen (15) feet of clearance shall be maintained at all times.

5. Said second party agrees that it will, at all times during the exercise of the rights and privileges hereby granted, assume all liability for and protect, indemnify and save said first party, its successors and assigns, harmless from and against all actions, claims, demands, judgments, losses, expenses of suits or actions and attorney fees for injuries to or death of any person or persons and loss or damage to the property of any person or persons whomsoever, including the parties hereto and their agents, contractors, subcontractors and employees, arising in connection with or as a direct or indirect result of the rights and privileges hereby granted.

6. It is agreed that the construction, improvement and maintenance of said roadway, for which a right of way is hereby conveyed, shall be done solely at the expense of the said second party, and said first party shall incur no cost or expense whatsoever as a result of the construction, improvement and maintenance of said roadway.

7. After the construction of said roadway, if said easement and rights herein conveyed shall cease to be used by second party, its successors and assigns, for one (1) year for the purpose hereinabove set forth, then in such event all right and interest hereby conveyed shall terminate and revert in first party, its successors and assigns, and if said second party shall not have constructed said roadway within one (1) year from and after the date hereof, then in such event all right and interest hereby conveyed shall terminate and revert in first party, its successors and assigns.

8. It is further agreed that the benefits hereof shall accrue to and the obligations shall bind the _____, successors and assigns of the respective parties.

Where applicable, pronouns and relative words used herein shall be read as plural, feminine or neuter.

IN WITNESS WHEREOF, said first party has caused this instrument to be executed in its corporate name and by its duly authorized officer as of the day and year first above written.

UNDERGROUND ELECTRIC LINE EASEMENT

THIS INDENTURE, Made this 10th day of July, 1973, Between
CONSUMERS POWER COMPANY, a Michigan corporation,
212 West Michigan Avenue, Jackson, Michigan 49201,
(successor by merger to Consumers Power Company, a Maine corporation)
as first party,

and
TOP O' MICHIGAN RURAL ELECTRIC COMPANY, a corporation
duly authorized to do business in Michigan,
with its principal office therein at
Box 70, 319 North Lake Street, Boyne City, Michigan 49712,
as second party,

WITNESSETH:

That first party, for and in consideration of the sum of One Dollar (\$1.00) to it in hand paid by second party, the receipt whereof is hereby confessed and acknowledged, does by these presents release and QUITCLAIM unto the said second party, and to its successors and assigns, the easement and right to construct and maintain an underground electric distribution line consisting of underground cables, conduits, wires, conductors, surface-mounted pedestals, subsurface junction vaults, subsurface transformer vaults and transformers, together with concrete pads or other supports therefor, and other fixtures and appurtenances on, in, under, over, through and across the following described parcel of land in the Township of Mancelona, County of Antrim and State of Michigan, to wit:

A strip of land 16 feet in width in the SE 1/4 of the SW 1/4 of Section 9, T29N, R5W, described as follows: To find the place of beginning of this description commence at the Southwest corner of said section; run thence N 89° 42' 50" E along the South line of said section, 7067.22 feet to the place of beginning of this description; running thence N 45° 08' 07" E, 22.80 feet; thence N 89° 42' 50" E parallel with and 16 feet distant North of and measured at right angles to the South line of said section, 470.73 feet; thence S 45° 08' 07" W, 22.80 feet to the South line of said section; thence S 89° 42' 50" W along said South line of said section, 470.73 feet to the place of beginning.

Together with full right and authority to second party, its successors and assigns, and its and their agents and employees, to enter at all times upon said premises for the purposes of constructing, maintaining, repairing, removing, patrolling, improving and enlarging said underground cables, conduits, wires, conductors, surface-mounted pedestals, subsurface junction vaults, subsurface transformer vaults and transformers, together with concrete pads or other supports therefor, and the right to trim, remove, destroy or otherwise control any trees, roots, brush or other vegetation which at any time may interfere or threaten to interfere with the maintenance of said facilities.

This release is executed by first party and accepted by second party subject to the following conditions:

1. No work shall be done in connection with the construction or maintenance of said underground electric distribution line by second party which shall in any way interfere or threaten to interfere with the towers, poles, wires or other supports and equipment constituting the electric line or lines and/or electric control devices or lines and/or gas line or lines as now or hereafter erected upon or adjacent to the above-described premises, and said second party's underground electric distribution line shall be so constructed and maintained as at no time to interfere with or threaten to interfere with the operation and maintenance of any of said electric lines and/or electric control devices or lines and/or gas lines of first party.

2. Said second party accepts the premises herein referred to, in its present condition and subject at all times to such uses as first party, its successors or assigns, may make of said premises for its own business or purposes; and said second party, by the acceptance of this instrument, agrees to relocate its underground electric distribution line at its own expense at any time upon demand of first party, its successors or assigns, when believed by first party to be necessary to accommodate the use of said premises by first party, its successors or assigns.

3. It is further agreed that said underground electric distribution line of second party shall be constructed and maintained so as to comply in every respect with the statutes of the State of Michigan, the rules and regulations of the Michigan Public Service Commission and with the regulations prescribed in the National Electrical Safety Code.

4. In case said first party shall find it necessary to change any of its electric lines and/or electric control devices or lines, now or hereafter located upon said premises or upon the adjoining premises, in order to accommodate any work to be done in connection with said underground electric distribution line of second party, said first party shall be reimbursed by second party for its actual cost and expense incurred thereby.

5. It is distinctly understood that the electric lines, now or hereafter located by first party upon the property above described, are or will be operated at high voltage and that no overhead or other equipment used in connection with the construction, operation or maintenance of said underground electric distribution line of second party shall be permitted to come in close proximity to said electric lines of first party. Said second party agrees that it will, at all times during the exercise of the rights and privileges hereby granted, assume all liability for and protect, indemnify and save Consumers Power Company, its successors and assigns, harmless from and against all actions, claims, demands, judgments, losses, expenses of suits or actions and attorney fees for injury to or death of any person or persons and loss or damage to the property of any person or persons whomsoever, including the parties hereto and their agents, contractors, subcontractors, employees and invitees, arising in connection with or as a direct or indirect result of the rights and privileges hereby granted, except second party shall not be required to indemnify first party for injury to persons or damage to property caused by the sole negligence of first party.

6. In case said easement and rights herein conveyed shall cease to be used by second party, its successors or assigns, for one (1) year, then in such case, all rights and title hereby conveyed shall revert to said first party, its successors or assigns.

7. It is further agreed that the benefits hereof shall accrue to and the obligations shall bind the successors or assigns of the respective parties.

IN WITNESS WHEREOF, said first party has caused this instrument to be executed in its corporate name and by its duly authorized representative as of the day and year first above written.

Temporary Rights

Along with temporary construction rights over a 10-foot wide strip of land on either side of the above-described parcels.

The easement hereby conveyed is for the sole and only purpose of constructing, repairing, replacing and maintaining over and across said land two gas pipelines and one water pipeline to be a maximum of 12 inches in diameter. The pipelines shall be located along and as near as practical to the center line of each of the above-described parcels. Furthermore, all three pipelines shall be buried in a single trench stacked vertically with the top pipeline buried at a minimum of three feet beneath the surface of the land, as measured from the surface of the land to the top of the pipeline.

This easement is granted by Grantor and accepted by Grantee upon the following express terms, conditions, reservations and exceptions:

1. Grantor specifically reserves to itself, its successors and assigns, the right to construct and maintain over, upon, under and across the premises hereby conveyed, electric lines and/or electric control devices or lines as now or hereafter constructed for the purpose of transmitting, conducting and distributing electricity, and pipelines for the transportation of oil, gas and associated condensates, provided such use so reserved shall not unreasonably interfere with the use of said premises for pipeline purposes. Grantor further reserves the right to trim or remove any trees or other forest products now or hereafter growing upon said premises which may interfere or threaten to interfere with said electric lines and/or electric control devices or lines and/or pipelines.
2. Grantee shall contact the Utility Communications System (Miss Dig), telephone number 1-800-482-7171, at least three full working days, excluding Saturdays, Sundays and holidays, but not more than 21 calendar days, prior to any construction to be performed hereunder unless otherwise permitted by MCL § 460.709.
3. Grantee shall give Grantor at least five working days' notice prior to the commencement of any construction, repair or maintenance to be performed hereunder, and such notice shall be directed to Consumers Power Company's Operations Support Manager, Northwestern Region, Grand Rapids, Michigan. In addition, said Operations Support Manager of Grantor shall be notified 72 hours in advance of any digging under Grantor's electric lines and any such work shall be coordinated with and may be witnessed by, and is subject to review and approval of, Grantor's Northwestern Region engineering personnel. It is agreed, however, that in case of failure of one or more of Grantee's pipelines, the above requirements for advance notice will be waived by Grantor and Grantee or its assigns may enter immediately upon said land to make such repairs as are necessary to said pipeline or pipelines, on the condition that Grantor's Operations Support Manager, Northwestern Region, Grand Rapids, Michigan, is notified as soon as possible of such entry. Grantor may, at its option, observe any of Grantee's work or operations hereunder.
4. In case Grantor, its successors and assigns, shall find it necessary to incur any additional reasonable expense by reason of the location of said pipelines upon said premises, Grantee shall thereupon reimburse Grantor, its successors and assigns, for such additional reasonable expense so incurred.
5. Grantee shall not perform any work in connection with the pipelines, either with its original construction or the maintenance thereof,

which shall in any way affect or interrupt the continuity of service of Grantor as now or hereafter provided by said electric lines and/or electric control devices or lines and/or pipelines. In case Grantor shall find it necessary to change any towers, poles, pole structures, supports, electric lines, underground electric lines and conduits, pipelines or other structures of Grantor now or hereafter located upon said premises or upon the adjoining premises, in order to accommodate any work to be done in connection with Grantee's pipelines, Grantor shall be reimbursed by Grantee for its actual cost and expense incurred thereby.

6. Grantee shall, at its sole expense, protect towers, poles, pole structures, supports, underground electric lines and conduits, pipelines or other structures as now or hereafter located upon said premises or upon adjoining premises by the erection and maintenance of barricades or other suitable means of protection as may be deemed to be required by the engineers of Grantor.

7. It is distinctly understood that the electric transmission lines now or hereafter located on said land are operated at high voltage and that no equipment used in connection with construction and maintenance of Grantee's pipelines shall be permitted to come closer to the lines of Grantor than 15 feet, said distance being measured vertically from the highest point of said equipment to the nearest energized conductor, and that at least 15 feet of clearance shall be maintained at all times.

8. This instrument is entered into and granted by Grantor subject to any licenses, leases, easements or other interests in land heretofore granted by Grantor or its predecessors in title on said premises, and to any such interests reserved to other parties in instruments granted to Grantor or its predecessors in title. Grantee shall secure all necessary consents and permits from such licensees, lessees and the owners of such outstanding interests prior to construction of its pipelines.

9. All excavations made by Grantee shall be properly protected and filled and all backfill shall be firmly compacted. Such fill shall be compact enough to permit maintenance vehicles access to Grantor's structures. No fill shall be permanently placed under Grantor's electric lines without Grantor's prior written approval. No fill shall be placed within 20 feet of Grantor's structures. Pockets shall not be created around Grantor's structures where water can collect. Grantee shall leave said land in as good condition as before Grantee entered thereon and shall also employ erosion preventative measures and stabilize and seed with appropriate grass seed all areas disturbed by Grantee.

10. Grantee shall not store any materials in, on or under said land. Grantee shall not erect any buildings or other structures. Grantee shall not plant trees or shrubs at any time upon the easement hereby conveyed.

11. Grantee shall not excavate or dig within 15 feet of Grantor's tower legs. Dump trucks or the like shall be operated so that their beds will not be lifted beneath Grantor's electric lines.

12. Cranes or other construction equipment that have the height potential of contacting Grantor's electric lines shall not be operated between Grantor's electric lines. Cranes or other excavation equipment shall be operated so that they do not swing toward Grantor's electric lines or structures.

13. Grantor shall review and approve any changes in ground elevation under its electric lines.

14. Grantee shall, at its sole expense, construct and maintain permanent aboveground markers to identify the location and route of said pipelines along said land.

15. Grantee waives any claims it may have, now or in the future, against Grantor for damage done during maintenance of Grantor's electric lines or during the construction of new lines or resulting from the breaking or collapse of Grantor's electric lines.

16. Grantee will, at all times during the exercise of the rights and privileges hereby granted, assume all liability for and protect, indemnify and save Grantor, its successors and assigns, harmless from and against all actions, claims, demands, judgments, losses, expenses of suits or actions and attorney fees, for injury to or death of any person or persons and loss or damage to the property of any person or persons whomsoever, including the parties hereto and their agents, contractors, subcontractors and employees, arising in connection with or as a direct or indirect result of the use and occupancy of said premises or the exercise of the rights and privileges hereby granted. The provisions of this paragraph shall apply to each and every such injury, death, loss and damage, however caused, whether due, or claimed to be due, to the negligence of Grantee, the negligence of Grantor, the negligence of Grantor and the negligence of Grantee, the negligence of any other person, or otherwise; provided, however, Grantee shall not be required to indemnify Grantor for such injury, death, loss or damage caused by Grantor's sole negligence.

17. It is expressly understood that Grantee will at all times keep and maintain the premises in a clean and sanitary condition and shall comply with all laws, rules and regulations of the United States or its agencies or the laws, rules and regulations of this state, or any regulatory body of the United States or of the State of Michigan, or of any other governmental or governing body which may now or hereafter have jurisdiction over the subject matter which are now or may hereafter be made effective while this easement remains in effect. Without limiting the generality of the foregoing, it is expressly agreed that Grantee shall not dispose or suffer to be disposed of any waste material whatsoever upon the premises without the prior written consent of Grantor and shall not, without the prior written consent of Grantor, store, use or maintain, or suffer to be stored, used or maintained, upon the premises any material which is or may be or become hazardous to human health or the environment or the storage, treatment or disposal of which is regulated by any governmental authority. The granting or withholding of any consent of Grantor under the terms of this paragraph shall be within the sole discretion of Grantor and Grantee shall, when requested by Grantor, promptly give to Grantor any information required by Grantor concerning products, substances or processes used, stored, maintained or undertaken by Grantee or on its behalf or with its approval upon said premises. Grantee agrees to indemnify and save Grantor, its successors and assigns, harmless from all loss and expense as a result of the failure of Grantee, its agents, contractors, employees and invitees to comply with the terms of this paragraph.

18. After construction of the pipelines, if said easement and rights herein conveyed shall cease to be used by Grantee, its successors and assigns for one year for the purposes hereinabove set forth, then in such event, all right and interest hereby conveyed shall terminate and revert in Grantor, its successors and assigns; and if Grantee shall not have constructed the pipelines within five years from and after the date hereof, then in such event, all right and interest hereby conveyed shall terminate and revert in Grantor, its successors and assigns.

19. The benefits herein shall accrue to and the obligations hereof shall bind the successors and assigns of the respective parties.

20. The acceptance of this instrument by Grantee shall be deemed an acceptance of the terms and conditions of this grant.

Where applicable, pronouns and relative words shall be read as plural, feminine or neuter.

IN WITNESS WHEREOF, Grantor has caused this instrument to be executed in its corporate name and by its duly authorized representative as of the day and year first above written.
