Michigan Electric Transmission, an ITC Company  
C/O Fernando Guevara  
39500 Orchard Hill Place, Suite 200  
Novi, MI 48375

Attention: Fernando Guevara, Property Management Specialist

SUBJECT: Single Phase, 14.4 kv Distribution line  
Reference No: 06703951/Standish Twp/Arenac County/Slusser

REFERENCE: Amended and Restated Easement Agreement (the "Agreement") dated April 29, 2002, between Consumers Energy Company ("Consumers") and Michigan Electric Transmission Company, now Michigan Electric Transmission Company, LLC ("METC")

Pursuant to Section 7.1 of the Agreement, Consumers hereby notifies METC that Consumers intends to construct a single phase distribution line on certain land in which METC has an interest under the Agreement. The location of the land on which said line will be constructed, and a further description of the intended use, are set forth-on "Annex A", attached to this letter.

Under said Section 7.1 of the Agreement, METC must within 30 days of this notice notify Consumers, as "Initiating User," of whether or not METC approves the proposed use as a Compatible Use. If you do not notify us either way within 30 days of this notice, then, as provided in said Section 7.1, METC will be deemed to have approved the proposed use as being a Compatible Use. We would appreciate, however, receiving METC's express approval of the proposed use as being a Compatible Use as soon as possible so that we can start work without delay.

This letter is being sent to you in duplicate. If METC agrees that the proposed use is a Compatible Use, please indicate that by signing and returning a copy of this letter to us as soon as possible, so that we can immediately proceed with construction. The other copy is for your records.

Very truly yours,

ANNEX A

Reference No: 06703951/Standish Twp/Arenac County/Slusser

LAND TO BE IMPACTED:

Land located in the Township of Standish, County of Arenac, State of Michigan, described as follows:

That part of the Southwest 1/4 of Section 08, Township 18 North, Range 5 East.

PROPOSED USE:

Constructing a distribution line. New distribution will cross under an existing transmission line. The height of the primary should be 26.7' for the phase and 18.7' for the neutral. See attached 391 form and sketch.

Subject: Single Phase, 14.4 kV Distribution Line - Standish Township,  
Section 08, Arenac County, Michigan.  
CE Reference No: 06703951/Standish Twp/Arenac County/Slusser

The attached request was received from Consumers Energy, who owns the property highlighted in green on attached map. Consumers Energy is proposing to construct a distribution line. The new distribution line will cross under an existing transmission line (5N) Duquite to Twining. According to Jessica A Slusser from CE System Planning the height of the primary should be 26.7 for the phase and 18.7 for the neutral. Furthermore, pursuant to the Amended and Restated Easement Agreement, METC/ITC needs to submit a response letter to CE by **September 28, 2007**.

Please review and return to my attention with your recommendations/comments.
