RE; One Time Payment from Detroit Edison, to Eliminate Annual License
Payments

Dear Mr. Adams:

I have enclosed Detroit Edison's check for \$49,330.00. This check is a one time
payment made in order to amend 66 existing license agreements. The required
amendment is intended to eliminate the clause in each license, that requires annual
payments. Following receipt of our check, annual payments for the listed licenses
will no longer be required.

Sincerely,

Tom Wilson
Real Estate Associate II

THE ANN ARBOR RAILROAD COMPANY

PIPE LINE, DRAIN AND WIRE LINE AGREEMENT

THIS AGREEMENT, made this 17th day of August, 1965, by and between THE ANN ARBOR RAILROAD COMPANY a Michigan corporation, hereinafter called "Railroad Company" and The Detroit Edison Company hereinafter called "Licensee",

WITNESSETH, that the Railroad Company for and in consideration of the sum of Twenty-Five and no/100 Dollars (\$ 25.00) to be paid by Licensee,

and the payment of the additional sum of Six and no/100 Dollars (\$ 6.00) on the First day of September each year, during the term of this agreement, commencing

September 1965 hereby licenses and permits, but without warranty, the Licensee, upon condition that the Licensee faithfully keep and perform the covenants and agreements herein provided to be kept and performed by the Licensee, and not otherwise, to construct, maintain, use, operate and remove one anchor and one guy wire with necessary appurtenances and attachments,

all of which is hereinafter referred to as the "Facility" upon and across its land 750 feet north of Riddle Street, City of Howell, of Livingston County in the State of Michigan being at Valuation Survey Station 3936 + 71, Mile 75.14

at the point and in the location shown upon the print of The Detroit Edison Company # Hh32, dated 7-14-65

attached hereto and made a part hereof, for the purpose of guying a power line, upon the following terms and conditions:

RECORDED BY THE STATE OF MICHIGAN MAY NO. 23290

1. Before any work is performed by the Licensee on the Railroad Company's property, the Licensee shall submit to and obtain the written approval of the Railroad Company's Chief Engineer, of plans and specifications of the Facility to be located on the Railroad Company's property and the Facility shall be constructed in accordance with such plans and specifications.

2. The Railroad Company may check said plans and specifications and employ inspectors, watchmen and flagmen for the proper and safe protection of the property, traffic and business of the Railroad Company and, at its election, do all or any part of the work within the exterior lines of its lands in connection with or necessary for the construction, repair, renewal, maintenance, change, modification, removal or use of the Facility and Licensee agrees to reimburse the Railroad Company the cost thereof promptly upon presentation of bills therefor. All work done by the Licensee, (including its contractors, agents and servants) pursuant to this agreement, shall be performed at such time or times, in such manner and under such conditions as shall be satisfactory to and approved by the Chief Engineer of the Railroad Company and at the sole risk and expense of the Licensee. The Facility shall be constructed, maintained and operated by the Licensee so as not in any way, in the judgment of the Railroad Company, to interfere with the proper and safe operation, use and enjoyment of the property and railroad of the Railroad Company. In every case, as soon as the actual installation of the Facility has been completed to the satisfaction and approval of the Chief Engineer of the Railroad Company, the Licensee shall restore the premises of the Railroad Company to the same or as good conditions they were prior to the commencement of work on the Facility.

3. If, at any time or times hereafter, the Railroad Company shall desire to make any changes in its tracks, structures, roadbed or other appurtenances of its railroad, or construct new appurtenances thereto, or use or permit the use of its lands for railroad or industrial or business purposes, at the location crossed or in any way affected by the Facility, then the Licensee shall, at its own cost and expense, upon thirty (30) days notice in writing to that effect from the Railroad Company, make such changes in the location or construction of the Facility as, in the judgment of the Chief Engineer of the Railroad Company, may be necessary to accommodate any future use, construction, improvements or changes on the lands of the Railroad Company.

4. No addition, change or modification of the Facility or change in the purpose of its use shall be made without first obtaining the written consent of the Railroad Company and, in that event, all the terms and conditions of this agreement shall immediately, upon the giving of such permission, apply to and cover the same with the same effect as if such addition, change or modification had been incorporated in this agreement.

5. If, at any time during the continuance of this agreement, the Licensee shall remove, abandon or discontinue the use of the Facility, this agreement and all rights hereby conferred upon the Licensee shall be deemed to be abrogated and determined as of the date of such removal, abandonment or discontinuance, without other action on the part of either party.

6. Upon the termination of this agreement in any manner, the Licensee shall, unless released therefrom in writing by the Chief Engineer of the Railroad Company, within thirty (30) days, actually remove or cause to be removed, all of the Facility from and restore the premises of the Railroad Company. If the Licensee fails within said thirty (30) days to remove the Facility, the Railroad Company may forthwith remove the same at the risk and expense of the Licensee and without being in any manner liable to the Licensee for such removal and the Licensee shall reimburse the Railroad Company the cost thereof promptly upon the presentation of bills therefor.

7. The Licensee shall obtain in advance all licenses and permits required by law and shall comply with all laws, rules, ordinances and regulations, promulgated by lawful authorities having jurisdiction in the matter, applicable to the construction, maintenance or use of the Facility and agrees to indemnify and save harmless the Railroad Company against all expense, fines, penalties, costs and judgments imposed upon or suffered by the Railroad Company for failure to do so.

23290

8. In the construction, use, renewal, maintenance, changing or modification of the Facility, or any part thereof, the Licensee shall comply with all clearances for railroad tracks established by law and clearance standards of the Railroad Company and agrees to indemnify and save harmless the Railroad Company against all expenses, costs, judgments and liability imposed or suffered by the Railroad Company for failure to do so.

9. The Licensee agrees to indemnify and save harmless the Railroad Company from and against all liabilities, expenses, judgments, claims and costs for loss of or damage to its property and property of its agents, servants, contractors and invitees and injury to or death of its agents, servants, contractors and invitees while on the property of the Railroad Company in connection with the performance of the work contemplated in this agreement, except when such loss of or damage to property or injury to or death of persons is caused by the sole negligence of the Railroad Company, or its agents, servants and employees.

10. The Licensee agrees to indemnify and save harmless the Railroad Company from and against all liability, expense, judgments and costs for loss of or damage to property or injury to or death of persons caused by or growing out of the presence or use of the Facility, or the presence and use of contents thereof upon the premises of the Railroad Company.

11. This agreement shall not be transferred or assigned by the Licensee without first obtaining the written consent of the Railroad Company.

12. This agreement may be terminated at any time by the Licensee giving the Railroad Company thirty (30) days advance written notice to that effect.

IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed as of the day and year first above written.
