TRANSMISSION LINE EASEMENT

On Mart 1 2013, for good and valuable consideration, the receipt of which is hereby acknowledged, Grantors convey and warrant to Grantee, its successors and assigns, a permanent, perpetual easement (the "Easement") over, under, across and through a part of Grantors' Land called the Easement Area, as herein described.

Grantors' Land is described as the Southeast 1/4 of the Southwest 1/4 of Section 14, Town 19 North, Range 1 West, Township of Gladwin, County of Gladwin and State of Michigan.

The Easement Area lies within the North 1/2 of Grantors' Land, and is more completely described as follows:

A 170-foot wide transmission line easement, the centerline of which begins at a point on the West line of the Southeast 1/4 of the Southwest 1/4 of Section 14, Town 19 North, Range 1 West, not more than 110 feet nor less than 70 feet South of the South 1/8 line of said Section, thence Easterly along and not more than 110 feet nor less than 70 feet South of the South 1/8 line to the East line of the Southeast 1/4 of the Southwest 1/4 of said Section 14.

- 1. Purpose: The purpose of this Easement is to allow Grantee the right to enter at any time upon the Easement Area to (1) construct, operate, maintain, repair, rebuild, inspect, replace, improve, enlarge, upgrade or remove an overhead electric line or lines consisting of poles, towers, structures, wires, cables (including fiber optic cable) and other equipment for transmitting electrical energy and communications signals, (2) cross the Easement Area to construct, operate, maintain, repair, rebuild, inspect, replace, improve, enlarge or remove overhead electric equipment located on other land, and (3) temporarily improve the surface of the Easement Area, as reasonably necessary, in Grantee's discretion, to place and operate Grantee's construction vehicles and equipment; provided Grantee shall remove such temporary surface improvements, and repair pavement and reseed lawn areas it disturbs.
- 2. Buildings or other Permanent Structures: With the exception of any buildings or above-ground structures existing at the time of execution of this Easement, no buildings, fences or other above-ground structures shall be installed, constructed or permitted in the Easement Area without Grantee's prior written consent. Grantee may remove prohibited structures from the Easement Area without prior notice and without responsibility for any damage that occurs as a result of such removal.

- 3. Vegetation Management: Grantee shall have the right at any time to cut, trim, remove, destroy or otherwise control any or all trees, bushes, brush or other vegetation now or hereafter standing or growing within the Easement Area. The complete exercise of this right may be gradual and not fully completed for some time in the future.
- 4. Access: Grantors also grant to Grantee the right of access, ingress and egress to the Easement Area on, over and across lands now owned by the Grantors.
- 5. Limited Use; Nonuse: Nonuse or limited use of the rights herein granted shall not prevent later use to the full extent herein conveyed.
- 6. Successors: This Easement runs with the land and binds and benefits Grantors' and Grantee's successors and assigns.
- 7. Damage Repair: Grantee shall, at its option, either repair or pay for, and hold Grantors harmless with regard to, any actual damage to Grantors' Land or Grantors' property, whether real property, personal property or a combination of both, resulting from Grantee's exercise of any of Grantee's rights under this Easement. Notwithstanding the foregoing, at no time shall Grantee be responsible for any damage to the extent that such damage results from Grantors' negligence. The term "actual damage" as used in this Section is not intended, nor does it include, damage to vegetation within the Easement Area resulting from the Grantee's exercise of its rights under Section 3.

This Easement is exempt from real estate transfer tax pursuant to MCLA 207.505(f) and from State real estate transfer tax pursuant to the provisions of MCLA 207.526(f).
