Dear Sir:

In replying to your letter of the 22nd. concerning location of anchor for lighting poles on Crooks Road opposite my property; there would be no objection on my part if the anchor is not placed in the space between the white fences, which is practically the lawn section around the house.

If this does not answer your inquiry please signify with stakes on the property just where you want to put the anchor, and I can then decide the matter more intelligently.

Very truly yours,
