NOW, THEREFORE, Owner reaffirms and amends the Original Grant of Easement insofar as the Original Grant of Easement affects Owner's Land, in the following particulars:

O.K. - L.G.

1. Effective as of the date hereof, all electrical transmission lines and all other appurtenances of ITC heretofore or hereafter constructed on Owner's Land by authority of the Original Grant of Easement or this Supplement, shall be confined within a strip of land beginning at the **Southerly** line of Owner's Land and continuing to a line lying **75 feet Northerly** of, and parallel to, the centerline of the electric lines as currently located ("Easement Strip").

2. Owner reaffirms and amends the grant to ITC of the perpetual right to enter at all times upon Owner's Land and to (1) operate, maintain, repair, inspect, replace, improve or remove overhead electric lines consisting of poles, towers, structures, wires, cables (including fiber optic cable) and other equipment for transmitting electrical energy and communications signals associated with the operation of an electrical transmission utility business, (2) cross the Easement Strip to operate, maintain, repair, inspect, replace, improve or remove overhead electric equipment located on other land, and (3) temporarily improve the surface of the Easement Strip, as reasonably necessary, in ITC's discretion, to place and operate ITC's construction vehicles and equipment; provided, ITC shall remove such temporary surface improvements, and repair pavement and reseed lawn areas it disturbs.

3. Owner reaffirms that the full right is conveyed to ITC at any time to cut, trim, remove, destroy or otherwise control any or all trees, bushes or brush now or hereafter standing or growing within the Easement Strip. The complete exercise of this right may be gradual and not fully completed for some time in the future.

4. Nothing contained in this Supplement shall be construed as releasing or impairing any rights or privileges granted to ITC under the Original Grant of Easement relative to the Easement Strip. To the extent this Supplement grants rights and privileges to either party not granted in the Original Grant of Easement, the Original Grant of Easement is hereby amended to include the additional rights and privileges granted by this Supplement. To the extent this Supplement imposes obligations on either party not imposed in the Original Grant of Easement, the Original Grant of Easement is hereby amended to include the additional obligations imposed by this Supplement. If, in any other way, any term, condition or provision of this Supplement is inconsistent with or conflicts with one or more provisions of the Original Grant of Easement, the term, condition or provision of this Supplement shall control, and to that extent the Original Grant of Easement is hereby amended. The Original Grant of Easement, insofar as it may cover and relate to land other than Owner's Land, shall remain in full force and effect in accordance with all of its terms, conditions and provisions.

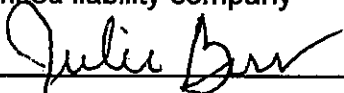

5. No buildings or other above-ground structures, with the exception of the existing structures, shall be installed or constructed by Owner in the Easement Strip. ITC may remove prohibited structures from the Easement Strip without prior notice and without responsibility for any damage that occurs as a result of such removal.

6. The covenants contained in this Supplement and the Original Grant of Easement shall constitute covenants running with the land and shall be binding and inure to the benefit of the parties hereto, their personal representatives, heirs, successors, assigns and additionally, in the case of ITC, its licensees and lessees, as well as the agents, employees and contractors of ITC and its licensees and lessees. ITC shall have the right to assign, in whole or in part, the rights granted in this Supplement and in the Original Grant of Easement.
