Gentlemen:

This is to acknowledge receipt of your letter dated August 2nd, in regards to buried cables on Whipple street.

Permission is hereby granted to install the cables.

The Commission directed me ask about the poles which are still standing on Whipple street, below your substation. The Village wishes to beautify this spot, and also construct a suitable road. These poles are along Whipple street from Lake to Hagadorn St. It was understood by former Commissions that these poles would be taken down upon request. Will you please advise us regarding this.

Very truly yours,

*W. L. Gaudoin*  
VILLAGE CLERK.
