April 22, 1974

Mr. Michael J. McCabe
Real Estate and Rights of Way Department
74 South Gratiot Avenue
Mount Clemens, Mi 48043

Dear Mr. McCabe:

Reference to our telephone conversation of April 22, 1974 concerning your Lockdale Project transmission line, running parallel and adjacent to Consumers Power Company's existing 36" gas transmission line along the east and west side of Coolidge Road between Wattles Road and East Long Lake Road in the City of Troy, Oakland County.

The revised drawing which I received on March 15, 1974 showing the sketch of your guy and anchor locations have been approved by our P & T Engineering Department.

This letter is your authority for tree trimming rights on Consumers Power Company fee land at the northeast corner of Wattles and Coolidge Road, provided that you contact Mr. William A. Diot, Area Supervisor, Consumers Power Company, St Clair office (313-725-2811) 5 days prior to construction of your proposed line along Coolidge Road and the trimming of trees on our property.

If you need additional information concerning this matter, please let me know.

Yours very truly,

H. R. Linnabary
Howard R. Linnabary
Coordination Supervisor
Land & Gas R/W Department
