PARTIAL ASSIGNMENT OF EASEMENT RIGHTS

THE DETROIT EDISON COMPANY, a Michigan corporation, of 2000 Second Avenue, Detroit, Michigan 48226 (hereinafter called "Detroit Edison") for good and valuable consideration ^{1.00} hereby conveys, assigns and quitclaims to International Transmission Company, a Michigan corporation, of 39500 Orchard Hill Place, Suite 200, Novi, Michigan 48375 (hereinafter called "ITCTransmission") its successors and assigns, forever, certain easement rights described in Exhibit A, which is attached hereto and made a part hereof, as well as all right, title and interest of Detroit Edison in easements for electric lines operated at 120 kV and known as the "Prizm Tap," whether said easements are recorded, unrecorded or acquired through occupancy or prescription.

The overhead electric line described herein ("Prizm Tap") is a 120 kV electric line extending from ITCTransmission's 345 kV transmission line to the Prizm Station located on the property of General Motors Corporation. It is understood and agreed that the easements described herein may accommodate both transmission facilities (120kV or higher) and distribution facilities (less than 120 kV), whether currently built as such or not, and whether currently energized or not, Detroit Edison reserves unto itself, its successors and any future assignees, those distribution rights. Therefore, ITCTransmission, as assignee, takes subject to the right of Detroit Edison to utilize these easements for distribution purposes.

It is further understood that Detroit Edison may need to access the property covered by the easement described herein if ITCTransmission requires Detroit Edison to move the Facilities; therefore, Detroit Edison reserves unto itself, and ITCTransmission takes subject to the right of Detroit Edison to access the easement property to move the Facilities.

Detroit Edison covenants and agrees that (i) Detroit Edison has the lawful right to transfer said easement rights, and (ii) Detroit Edison has not, through its own act or omission, impaired the transferability of said easement rights.

Pt 10-07-200-001

Grantee desires that an easement be granted over the Easement Area to construct, operate, maintain, repair, inspect, replace, improve, enlarge, and remove a general purpose electric substation and overhead electric transmission lines consisting of steel towers, steel pole structures, or any combination of same, with wires, cables, conduits, crossarms, braces, guys, anchors and transformers and other fixtures and appurtenances and electric control circuits and devices in, over and across the Easement Area; and

Grantor is agreeable to providing the easement to Grantee:

THEREFORE, for ONE DOLLAR (\$1.00) and other valuable consideration, the sufficiency and receipt of which is acknowledged, Grantor and Grantee agree as follows:

RECORDED R/W FILE NO. 62649

- (1) **GRANT:** Grantor grants to Grantee an easement for an electric substation and for towers, underground lines, or steel poles to be located in, over and across the Easement Area upon the terms set forth in this Easement Agreement.
- (2) **PERMITTED USE:** The Easement is granted solely for the purpose of constructing, operating, maintaining, repairing, inspecting, replacing, improving, enlarging and removing an electric substation and overhead electric transmission lines consisting of steel towers, steel pole structures, or any combination of same, with wires, cables, conduits, crossarms, braces, guys, anchors and transformers and other fixtures and appurtenances and electric control circuits and devices in, over, and across the Easement Area. It is understood and agreed that no additional overhead electrical transmission lines will be installed without the prior written approval of the Grantor herein. It is further agreed that an access route to the Prizm Substation parcel will be provided and maintained by the Grantor for Grantee's use at all times during the Easement and as more particularly shown on Exhibit "A" attached hereto and made a part hereof.
- (3) **REPAIR AND REPLACEMENTS:** The Grantee shall repair or replace all fences, gates, utility lines, driveways, parking areas, ditches, drains, and landscaping damaged or destroyed in the construction and installation of Grantee's general purpose electric substation and electric transmission lines during any inspection, repair, maintenance, or removal of same. It is agreed, however, that Grantee may, from time to time in order to maintain Grantee's facilities in a safe and reliable condition, trim, cut, remove, or otherwise control any trees, branches, roots, and brush in the Easement Area.
- (4) **EASEMENTS OR RESTRICTIONS:** The granting of this Easement is subject to any easements or restrictions of record or those matters which a personal inspection or an accurate survey of the property would reveal.

RECORDED R/W FILE NO. 62649

- (5) **SUPERVISION:** Grantee shall be responsible during the term of this Easement for the supervision of all work performed in connection with its access to and use of the Easement Area, and Grantee shall take all precautions, including but not limited to the posting of signs and the placing of barricades as are necessary in the interest of public safety and for the safety of any persons working on or traveling upon or in any way using the Easement Area or land adjacent thereto. Grantee shall also be responsible for and take all precautions for the protection of all persons and of real and personal property situated adjacent to or abutting the Easement Area.
- (6) **CONFORMITY WITH LAW:** All construction, operations, inspections, repairs, and maintenance conducted by Grantee on the Easement Area shall be in conformity with safe practices and shall at all times be in compliance with all local, State, and Federal laws, statutes, rules, and regulations pertaining thereto.
- (7) **INSURANCE:** Throughout the term of this Easement Agreement, Grantee and its contractors shall obtain and maintain, at Grantee's sole cost and expense, and keep in force for the benefit of Grantee, with Grantor named as additional insured, insurance policies providing the following coverages:
- (a) A comprehensive policy of general public liability insurance, protecting and indemnifying Grantor and Grantee against any and all liabilities and claims for damages to persons or property occasioned on or about any part of the Easement Area, and all other areas adjacent to the Easement Area, with such policy to be in the minimum amount of Two Million Dollars (\$2,000,000) combined single limit per occurrence, for personal injury and property damage;
 - (b) Worker's compensation insurance having such limits, and containing such terms and conditions as are required under applicable law;

62649
RECORDED R/W FILE NO.

- (c) Such other insurance, in such amounts and in such form as may reasonably be required by Grantor from time to time during the term of this Easement.

All insurance policies required to be procured and maintained hereunder shall (i) be issued by financially responsible insurance companies acceptable to Grantor; (ii) be written as primary policy coverage and not contributing with or in excess of any coverage which Grantor may carry; (iii) with the exception of worker's compensation insurance, insure and name Grantor as additional insured as its respective interests may appear; and (iv) contain an express waiver of any right of subrogation by the insurance company against Grantor and its agents and employees. Neither the issuance of any insurance policy required hereunder, nor the minimum limits specified herein with respect to any insurance coverage, shall be deemed to limit or restrict in any way the liability of Grantee (or its contractor[s]) arising under or out of this Easement Agreement. Grantee shall deliver to Grantor certificates of insurance evidencing all of the coverages required hereunder. Each insurance policy with the exception of worker's compensation insurance (and any renewal or extension thereof) required to be carried hereunder shall provide that, unless Grantor shall first have been given thirty (30) days prior written notice, (i) such insurance policy shall not be canceled and shall continue in full force and effect; (ii) the insurance carrier shall not, for any reason whatsoever, fail to renew such insurance policy; and (iii) no material changes may be made in such insurance policy (which changes shall also require Grantor's prior written approval).

Grantee shall not do or permit to be done any act or thing upon the Easement Area that will invalidate or be in conflict with any insurance policies covering the same. Grantee shall promptly comply with all insurance underwriters, rules, orders, regulations, or requirements relating to such insurance policies, and shall

not do or permit anything to be done in or about the Easement Area which shall increase the rate of insurance on Grantor's Property.

- (8) **INDEMNIFICATION:** Except for claims arising out of Grantor's sole negligence, Grantee shall defend, indemnify, protect, and save harmless Grantor, its officers, directors, and employees from and against any and all claims, actions, suits, damages, liabilities, costs, and expenses, including reasonable attorneys' fees and disbursements that (i) arise from or are in connection with the Easement granted hereunder for the Easement Area or any portion thereof, or (ii) arise from or are in connection with any act or omission of Grantee or Grantee's agents, employees, contractors, subcontractors, licensees, invitees, or others who are present as a specific result of this Easement Agreement for or on behalf of Grantee; or (iii) result from any default of this Easement Agreement or any provision hereof by Grantee; or (iv) result from injury to person or property or loss of life sustained in or about the Easement Area; or (v) result from the presence of Grantee's property or equipment on the Easement Area, all regardless of whether such claims are asserted or incurred before, during, or after the term of this Easement Agreement. Grantee's obligations under this paragraph shall survive the expiration of this Easement Agreement.

- (9) **HAZARDOUS MATERIALS AND PROHIBITED USE:** Grantee hereby represents and warrants to Grantor that Grantee, its agents, employees, and contractors, shall not at any time store, handle, use, package, generate, place, or allow to remain on the Easement Area or Grantor's Property any hazardous substances, hazardous wastes, or toxic substances (hereinafter collectively referred to as "Hazardous Substances") as those terms are defined and regulated under CERCLA, 42 U.S.C. 9601 et seq., RCRA, 42 U.S.C. 6901 et seq., or TSCA, 15 U.S.C. 2601 et seq. Grantee covenants to comply with all environmental laws and regulations and to take such other actions as may be reasonably required to

RECORDED R/W FILE NO. 62649

protect against environmental liabilities. The terms and provisions of this paragraph shall survive the expiration of this Easement Agreement.

- (10) **WASTE OR NUISANCE:** Grantee shall not commit or suffer to be committed any waste or nuisance upon the Easement Area. Grantee shall take such action as may be reasonably necessary to prevent or terminate any such nuisance or waste arising out of Grantee's use of the Easement Area, including, without limitation, any nuisance created by employees, agents, or contractors of Grantee.
- (11) **PROTECTION FROM LIENS:** Grantee shall keep the Easement Area and the Grantor's Property and every part thereof free and clear of any and all liens and encumbrances for work performed by Grantee, or on Grantee's behalf, on the Easement Area.
- (12) **TAXES:** Grantee shall be responsible for and shall pay, prior to delinquency, any and all taxes, assessments, levies, fees, and other governmental charges levied or assessed against the Easement interest herein granted to Grantee or with respect to all personal property and equipment of Grantee located or to be located on the Easement Area.
- (13) **GOVERNING LAW:** This Easement Agreement shall be governed and construed in accordance with the laws of the state in which the property is located and shall not be modified, altered, or amended except in writing as agreed to by the parties hereto.
- (14) **NOTICES:** All notices or other communications provided for under this Easement Agreement shall be in writing, signed by the party giving the same, and shall be deemed properly given and received (i) when actually delivered and received, if personally delivered; or (ii) three (3) business days after being mailed, if sent by registered or certified mail, postage prepaid, return receipt requested; or (iii) one

Each party shall have the right to designate other or additional addresses or addressees for the delivery of notices, by giving notice of the same similarly given (such other or additional addresses or addressees being effective from and after the date of receipt of notice of the same by the other party).

- (15) **SUCCESSORS AND ASSIGNS:** This Easement runs with the land and binds and benefits Grantor's and Grantee's successors and assigns.
- (16) **ACCESS SECURITY AND ELECTRICAL CLEARANCES:** Grantor must not build or maintain any structures near the Easement Area or allow any trees or other vegetation to grow near the Easement Area that Grantee believes could (a) be used by unauthorized persons to either enter the substation or compromise the access security of the substation in any way; or (b) violate the electric clearances required by the version of the National Electrical Safety Code that has been adopted by the Michigan Public Service Commission.

- (17) **TITLE:** Grantee will retain title to all property that Grantee places on the Easement Area, and none of the property will be considered inseparably attached to the land regardless of whether it would be considered in law but for this paragraph.
- (18) **ENVIRONMENTAL INDEMNITY:** Grantor will indemnify Grantee against all federal, state, and municipal environmental agency claims arising out of or in connection with the environmental condition of Grantor's Easement Area. However, this indemnity will not apply if the environmental condition giving rise to such claim is the result of Grantee's construction, reconstruction, repair, maintenance, operation, or removal of the substation and related equipment. This indemnity will survive the expiration of this Easement Agreement.
