appurtenances and electric control circuits and devices ("Edison Facilities"); upon the terms set forth in this Easement Agreement; and

Grantee further desires that a permanent easement be granted over and across a 30-foot wide portion ("Tree Trimming Easement Area") of the Easement Area to permit tree trimming operations required in connection with the Edison Facilities located on the Towerline Easement Area; upon the terms set forth in this Easement Agreement; and

Grantor is agreeable to providing such easements (collectively, "Easement") to Grantee;

THEREFORE, for ONE DOLLAR (\$1.00) (and other valuable consideration,) the sufficiency and receipt of which are hereby acknowledged, Grantor and Grantee hereby agree as follows:

- (1) **GRANT:** Grantor grants to Grantee or its permitted assigns, on an exclusive basis, which excludes Grantor and all other parties, a permanent easement ("Towerline Easement") to transmit electricity in, over, under and across the Towerline Easement Area; and to construct, reconstruct, operate, maintain, repair, inspect, replace, improve, modify, enlarge and remove overhead and underground electric transmission lines consisting of towers, wood or steel pole structures, poles, H-frames, or any combination of same, wires, cables, conduits, manholes, crossarms, braces, guys, anchors and transformers and other fixtures and appurtenances and electric control circuits and devices ("Edison Facilities"); upon the terms set forth in this Easement Agreement; and

Grantor further grants to Grantee or its permitted assigns a permanent easement ("Tree Trimming Easement") over and across the Tree Trimming Easement Area for the purpose of trimming, cutting, removing or otherwise controlling any trees,

(13FR 19640PC603)

branches, roots and brush that Grantee reasonably believes could interfere with or grow to the point of interfering with the operation and maintenance of the Edison Facilities located on the Towerline Easement Area; upon the terms set forth in this Easement Agreement.

- (2) **PERMITTED USE:** The permanent Towerline Easement is granted on an exclusive basis, which excludes Grantor and all other parties, solely to transmit electricity in, over, under and across the Easement Area; and to construct, reconstruct, operate, maintain, repair, inspect, replace, improve, modify, enlarge and remove overhead and underground electric transmission lines consisting of towers, wood or steel pole structures, poles, H-frames, or any combination of same, wires, cables, conduits, manholes, crossarms, braces, guys, anchors and transformers and other fixtures and appurtenances and electric control circuits and devices ("Edison Facilities"); upon the terms set forth in this Easement Agreement; and

The permanent Tree Trimming Easement is granted solely for the purpose of trimming, cutting, removing or otherwise controlling any trees, branches, roots and brush that Grantee reasonably believes could interfere with or grow to the point of interfering with the operation and maintenance of the Edison Facilities located on the Towerline Easement Area; upon the terms set forth in this Easement Agreement.

- (3) **REPAIR AND REPLACEMENTS:** The Grantee shall repair or replace all fences, gates, utility lines, driveways, parking areas, ditches, drains and landscaping damaged or destroyed in the construction and installation of Grantee's electric transmission lines or during any inspection, repair, maintenance or removal of same. It is agreed, however, that Grantee may, from time to time in order to maintain Grantee's facilities in a safe and reliable

LIBER 19540PG01

condition, trim, cut, remove or otherwise control any trees, branches, roots and brush in the Easement Area.

- (4) **EASEMENTS OR RESTRICTIONS:** The granting of this Easement is subject to any easements or restrictions of record or those matters which a personal inspection or an accurate survey of the Easement Area would reveal and upon the following terms:
- (a) Grantor agrees that no building, other above-ground structures, or dumpsters shall be placed within the Towerline Easement Area;
 - (b) Grantor shall not raise or lower the existing grade in the Towerline Easement Area by more than one (1) foot;
 - (c) All lighting fixtures and fences installed by Grantor in the Towerline Easement Area must be grounded in accordance with the National Electrical Safety Code Standards.
- (5) **SUPERVISION:** Grantee shall be responsible during the term of this Easement Agreement for the supervision of all work performed in connection with its access to and use of the Easement Area, and Grantee shall take all precautions, including, but not limited to, the posting of signs and the placing of barricades as are necessary in the interest of public safety and for the safety of any persons working on or traveling upon or in any way using the Easement Area or land adjacent thereto. Grantee shall also be responsible for and take all precautions for the protection of all persons and of real and personal property situated adjacent to or abutting the Easement Area.

REFR 19640PCG05

- (6) **CONFORMITY WITH LAW:** All construction, operations, inspections, repairs and maintenance conducted by Grantee on the Easement Area shall be in conformity with safe practices and shall at all times be in compliance with all local, State and Federal laws, statutes, rules and regulations pertaining thereto.
- (7) **INSURANCE:** Throughout the term of this Easement Agreement, Grantee shall self-insure, or Grantee shall obtain and cause its contractors to obtain and maintain, at Grantee's sole cost and expense, and keep in force for the benefit of Grantee, with Grantor named as additional insured, insurance policies providing the following coverages:
- (a) A comprehensive policy of general public liability insurance, protecting and indemnifying Grantor and Grantee against any and all liabilities and claims for damages to persons or property occasioned on or about any part of the Easement Area, and all other areas adjacent to the Easement Area, with such policy to be in the minimum amount of Two Million Dollars (\$2,000,000) combined single limit per occurrence, for personal injury and property damage;
 - (b) Worker's compensation insurance having such limits and containing such terms and conditions as are required under applicable law;
 - (c) Such other insurance, in such amounts and in such form as may reasonably be required by Grantor from time to time during the term of this Easement Agreement.

All insurance policies required to be procured and maintained hereunder shall (i) be issued by financially responsible insurance companies; (ii) be written as primary policy coverage and not contributing with or in excess of any coverage which Grantor may carry; and (iii) contain an express waiver of any right of subrogation by the insurance company against Grantor and its agents and employees. Neither the issuance of any insurance policy required hereunder,

(LIC#FR 19540PC605)

nor the minimum limits specified herein with respect to any insurance coverage, shall be deemed to limit or restrict in any way the liability of Grantee (or its contractor[s]) arising under or out of this Easement Agreement. Grantee shall deliver to Grantor certificates of insurance evidencing all of the coverages required hereunder. Each insurance policy, with the exception of worker's compensation insurance (and any renewal or extension thereof), required to be carried hereunder shall provide that, unless Grantor shall first have been given thirty (30) days' prior written notice, (i) such insurance policy shall not be canceled and shall continue in full force and effect; (ii) the insurance carrier shall not, for any reason whatsoever, fail to renew such insurance policy; and (iii) no material changes may be made in such insurance policy without Grantor's prior written approval.

Grantee shall not do or permit to be done any act or thing upon the Easement Area that will invalidate or be in conflict with any insurance policies covering the same. Grantee shall promptly comply with all insurance underwriters' rules, orders, regulations or requirements relating to such insurance policies, and shall not do or permit anything to be done in or about the Easement Area which shall increase the rate of insurance on Grantor's property.

- (8) **INDEMNIFICATION:** Except for claims arising out of Grantor's sole negligence, Grantee shall defend, indemnify, protect and save harmless Grantor, its officers, directors and employees from and against any and all claims, actions, suits, damages, liabilities, costs and expenses, including reasonable attorneys' fees and disbursements, that: (i) arise from or are in connection with the Easement granted hereunder for the Easement Area or any portion thereof; (ii) arise from or are in connection with any act or omission of Grantee or Grantee's agents, employees, contractors, subcontractors, licensees, invitees or others who are present as a specific result of this Easement

Agreement for or on behalf of Grantee; (iii) result from any default of this Easement Agreement or any provision hereof by Grantee; (iv) result from injury to person or property or loss of life sustained in or about the Easement Area; or (v) result from the presence of Grantee's property or equipment on the Easement Area, all regardless of whether such claims are asserted or incurred before, during or after the termination of this Easement Agreement. Grantee's obligations under this paragraph shall survive the termination of this Easement Agreement.

- (9) **HAZARDOUS MATERIALS AND PROHIBITED USE:** Grantee hereby represents and warrants to Grantor that Grantee, its agents, employees and contractors, shall not at any time store, handle, use, package, generate, place or allow to remain on the Easement Area or Grantor's property any hazardous substances, hazardous wastes or toxic substances (hereinafter collectively referred to as "Hazardous Substances"), as those terms are defined and regulated under CERCLA, 42 U.S.C. §9601 et seq.; RCRA, 42 U.S.C. §6901 et seq.; or TSCA, 15 U.S.C. §2601 et seq. Grantee covenants to comply with all environmental laws and regulations and to take such other actions as may be reasonably required to protect against environmental liabilities. The terms and provisions of this paragraph shall survive the termination of this Easement Agreement.
- (10) **WASTE OR NUISANCE:** Grantee shall not commit or suffer to be committed any waste or nuisance upon the Easement Area. Grantee shall take such action as may be reasonably necessary to prevent or terminate any such nuisance or waste arising out of Grantee's use of the Easement Area, including, without limitation, any nuisance created by employees, agents or contractors of Grantee.

MPFR 19640PCG08

- (11) **PROTECTION FROM LIENS:** Grantee shall keep the Easement Area and Grantor's property and every part thereof free and clear of any and all liens and encumbrances for work performed by Grantee, or on Grantee's behalf, on the Easement Area.
- (12) **TAXES:** Grantee shall be responsible for and shall pay, prior to delinquency, any and all taxes, assessments, levies, fees and other governmental charges levied or assessed against the Easement interest herein granted to Grantee or with respect to all personal property and equipment of Grantee located or to be located on the Easement Area.
- (13) **GOVERNING LAW:** This Easement Agreement shall be governed and construed in accordance with the laws of the state in which the property is located and shall not be modified, altered or amended except as agreed to in writing by the parties hereto.
- (14) **NOTICES:** All notices or other communications provided for under this Easement Agreement shall be in writing, signed by the party giving the same, and shall be deemed properly given and received (i) when actually delivered and received, if personally delivered; or (ii) three (3) business days after being mailed, if sent by registered or certified mail, postage prepaid, return receipt requested; or (iii) one (1) business day after being sent by overnight delivery service, all to the following addresses:
