FILE 12-4730

Mr. T. E. Hinks
Right of way Agent
Detroit Edison Co.
Detroit, Michigan

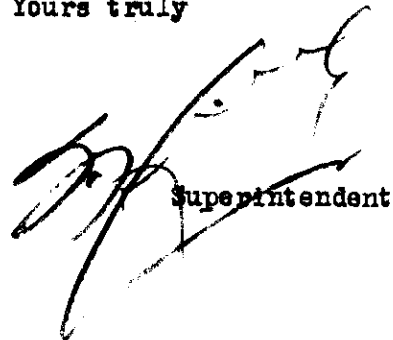

Dear Sir:

Referring to your favor of July 6th regard authority to cross under the tracks of the Michigan Air Line Railway in Pontiac Avenue, 800 feet west of Orchard Lake Road, City of Pontiac, Michigan, with two five-inch fibre duct conduits for installation of 24,000 volt transmission line.

There are no objections to installing the two five-inch fibre conduits under our tracks in Pontiac Avenue at a depth of four feet below base of rail, providing you give us forty-eight hours notice prior to starting work, leave right of way in a neat and tidy condition after installation is completed, install the conduits under our tracks between rails, see that back fill is properly tamped under the ties and assume any expense incurred by us including wages and expenses of an inspector to be furnished by us while work is in progress.

Kindly advise if above terms are satisfactory.

Yours truly

Superintendent
