Acres: 41.06

I will be bollding a new house the summer of 2018. I have heard ITC  
has plans to replace the old power line that runs through my property.  
I have a few questions about the placement of the new poles and what  
distance I have to be away from the lines.

Here is a rough drawing on what im looking to do. Aaron Hincka (989) 464-1190
