Michigan Ave., Jackson, Michigan, second party, receipt of which is hereby acknowledged, convey and warrant to the second party, its successors and assigns, forever, the easement and right to erect, lay and maintain lines consisting of poles, wires, cables, conduits and other fixtures and appurtenances for the purpose of transmitting and distributing electricity and/or conducting a communication business on, over, under and across the following described parcel of land, including all public highways upon or adjacent to said parcel of land, which parcel is situated in the Township of Rogers, County of Presque Isle, and State of Michigan, to-wit:

The route to be taken by said lines of poles, wires, cables and conduits across, over and under said land being more specifically described as follows: Second party may locate one (1) route on, over and across said above described land along or adjoining as near as practicable a line, which said line is described as beginning on the South line of Section 27, Township 35 North, Range 5 East, at a point not more than 700 feet nor less than 500 feet West of the East line of said Section, running thence Northerly to a point not more than 200 feet South of the East and West quarter line of said Section 27, at a point not more than 700 feet nor less than 500 feet West of the East line of said Section, running thence Northeasterly to a point not more than 550 feet nor less than 350 feet South of the North line of Section 26 of said Township, at a point not more than 360 feet East of the West line of said Section 26; and may locate one (1) route Westerly of and approximately 60 feet from the center line of the route first above described.

With full right and authority to the second party, its successors, licensees, lessees or assigns, and its and their agents and employees, to enter at all times upon said premises for the purpose of constructing, repairing, removing, replacing, patrolling, improving, enlarging and maintaining such cables, conduits and poles and other supports, with all necessary braces, guys, anchors, manholes and transformers, and stringing thereon and supporting and suspending therefrom lines of wire, cables or other conductors for the transmission of electrical energy and/or communication, and to trim, remove, destroy or otherwise control any trees and brush which may, in the opinion of said second party, interfere or threaten to interfere with or be hazardous to the construction, operation and maintenance of said lines. It is expressly understood that no buildings or other structures will be placed under such wires and/or over such cables without the written consent of said second party. It is expressly understood that non-use or a limited use of this easement by second party shall not prevent second party from later making use of the easement to the full extent herein authorized. Second party to pay at the rate of Eighty Dollars (\$80.00) per mile of length of the line of poles and wires across said above described premises; the same to be paid before any work is done on the land and also to pay for any damage to crops in erecting and maintaining said line of poles and wires.
